Brief CV: My educational activities primarily involve didactic and clinical education for post-doctoral general dentistry residents. My teaching responsibilities also include didactic and clinical training for undergraduate dental hygiene and pre-doctoral dental students in the areas of special patient care. My areas of interest and activity include forensic dentistry (including work at the World Trade Center after 9-11-2001), oral oncology, dental management problems in the medically compromised person, dental epidemiology and dental care delivery systems for people with disabilities and frail elderly persons. I have served numerous professional organizations at local, state, national, and international levels in various positions. I am a Past President of IADH (the International Association for Disability and Oral Health), SCD (Special Care Dentistry), ADPD (Academy of Dentistry for Persons with Disabilities) and AAHD (the American Association of Hospital Dentists). I am currently president of ABSCD (the American

Board of Special Care Dentistry), and hold specialty certification as a Diplomate of the ABSCD. I have served as Editor for the IADH
